

## DPR Zero Email

**Email Message Subject:** Contact Us ASAP

Hi [Prospect's First Name] this is [Distributor's Full Name] from [Distributor's Business Name].

I was just getting in touch with you to let you know that we have received your request for the Business Information Package from our web site. It's being sent to you today via priority mail.

[Prospect's First Name], please understand that we will be closing the training group in your area, most likely in the next few days. It is very important that you review the information and get back with me ASAP. We have just a small number of slots left in your area so I may be able to squeeze you in. But you have to call me back as soon as you are finished reviewing the information in the package.

[Prospect's First Name], if you are looking to start a profitable home-based business, this is your ticket! Again my name is [Distributor's Name] and I can be reached at [Distributor's Phone Number] or [Distributor's Email Address].

Thank you.
